LETTER FROM THE PRESIDENT:

Mailing of this issue of the Bulletin is awaiting information from Eric Lawlor on the June ADCA meeting. This will appear on a separate page herewith.

Dean Fleharty writes: "I would like to thank the Board of Directors for asking me to serve as vice president of the ADCA. I am very appreciative of the opportunity to serve all of my fellow Dexter Breeders, and I will do my best. Don't hesitate to call or write me if I can help you. (address and phone on page 1). I'm a little hard to catch at home, so please call after 8:00 in the evening and just keep on trying until you get me. If you write, please include your phone number and a time when I might reach you. I'm not the best letter writer, so I would probably call you back over the weekend if that works for you.

I'm still interested in doing an article on the young people who showed cattle this past summer, so please send any information or pictures you might have available."

This might be the time to mention what I believe to be a "First" in our association, a marriage between two of its' members - Dean Fleharty and Rosemary Rieman. Congratulations and best wishes to both of you. May you enjoy your Dexters together for many years to come! (Address given on Pg 1 is now their new one.)

Second Printing of the book "Dexter Cattle" by John Hays. Kay Baker has been sending out from 20 to 25 copies of the book each month to inquirers responding to the ads in Farmstead and Countryside magazines.

John says the only changes this time would be color - a more pronounced and pleasing green - and the addition of one or two new silhouettes by Belle Hays.

SPECIAL NOTICE - - - Wanted for Purchase

Don Piehota has kindly passed on the following :

We have several people who bought our tiniest calves and want more. They are willing to fly them if they are not any bigger than 25" tall at 3 1/2 to 4 months of age.

Contact me and I will put you in touch with them:

Byars, OK 74831

Two more Zoos have purchased Dexters for their Petting Farms. The Hirths of Mt Carmel Acres in Aurora, Indiana have sold two very small Dexters to the Terre Haute, Indiana Zoo. Also, the Johnsons of Briar Hill Farm in Richfield, Ohio have sold a small young bull calf to the Cleveland Zoo for opening day at their Childrens' Farm.

My apologies to all the members: Lois has been in the hospital in very critical condition and remains there at the mailing of the bulletin. She had the bulletin mostly typed and we were waiting for the information from Eric Lawler when the accident happened. I have tried to complete the typing and it may contain errors in typing, which you will just have to overlook.

Hope all goes well and we will see you in June. Let us all make this a grand and enjoyable meeting.

Thanks to Eric for all his efforts in agreeing to plan the meeting in Canada
