LETTER FROM THE PRESIDENT

I wish to express my thanks to Harry & Billie Julian for hosting the 1991 Annual Meeting. We all took pleasure in the Texan hospitality.

I enjoyed meeting old and new friends in the association. I wished that more directors and members could have made the meeting as their presence was missed. The meeting was very productive. Details can be found in the Secretary's reports.

I say thanks for a job well done to our directors and officers for their fine work and the time and sacrifices they put into our association.

I appreciate the directors showing their confidence in me by re-instating me for another year as their president. I will endeavor to serve the association to the best of my ability.

As many of you know, Lois Johnson was in the hospital again. I ask everyone to remember her in your thoughts and prayers as she recuperates. Lois has done a very good job as our editor.

We have been busy making hay, and I am sure many others are doing the same. The weather here has been in our favor for baling.

May everyone have a good summer!

Sincerely,

Philip R Martz

* * * * *

LETTER FROM THE SECRETARY

The 1990 Herd books have been mailed out. If you have not received yours, please let me know. The post office has returned at least one copy on which we cannot even read the original label. We'll send another out just as soon as we know who it is.

The new Membership books will be out in the next couple of months.

Thanks to all of you who participated in the 1991 Annual Meeting. A special thanks to Hary and Billie Julian.

Our meeting site for 1992 is Wisconsin. Jim Donovan will be hosting the meeting along with others in his region. Start planning early!

Sincerely,

Rosemary Fleharty

* * * * *

LETTER FROM THE EDITOR

May I join the "Thank you" page? I did really miss going to the meeting. There were some names on the card sent by everyone that I felt really bad about in not meeting the face that is behind them. I have never been able to meet Mr Langdon, and it would have been great to meet Drucilla Martz. I rather highly suspect that Drucilla puts a lot into the President's letters.

Thanks for every thing, Lois

Annual Meeting
American Dexter Cattle Association
Minutes
June 15, 1991

The meeting was called to order at 8:20 a.m. in the Ramada Hotel at Tyler Texas. Those present were: David & Lin Archer, John Bock, Bonnie Boudreau, George & Pearl Branson, Winona Crapp, Carol Davidson, Jim Donovan, Dean & Rosemary Fleharty, Jack Goodman, Sally Huff, Harry & Billie Julian, Phil & Druscilla Martz, Jim & Jeanne Mitchell, Wes Patton, Don & Pat Piehota, Bill & Darlene Richards, Shep & Mary Springer, Manuel & Sophia Stillerman, Sandi Thomas, and Billie & Donna Watkins.

The minutes of last year's meeting were distributed. There were no questions or discrepancies. It was moved (Patton), seconded (Mitchell) and approved that the minutes for 1990 be approved. The audit committee of Jim Mitchell, Bonnie Boudreau and George Branson checked over the 1990 financial statement. It was moved (Piehota), seconded (Mitchell) and approved that the financial statement for 1990 be approved with changes as suggested by the audit committee. The audit committee recommends that all check numbers should be included on all receipts.

It was moved (Mitchell), seconded (Boudreau) that the registrar's report be accepted for 1990.

New Members	87	Registrations	447
Transfers	395	New Owners	34
Books Sold (Hays)	126	Prospective Members	500
(Thrower)	23		

The minutes of the Board phone call were distributed. The amendment to the By-Laws passed with a margin of over 3 to 1. It was moved (Piehota), seconded (S. Stillerman) and approved to accept the Board telephone conference minutes.

It was moved (Piehota), seconded (Archer) and approved that the Board of Directors and Officers be covered by liability insurance as soon as possible if cost is not prohibitive. If it is purchased, it should be noted in the "Bulletin" that the Association Officers and Directors are covered by liability insurance.

Upgrade A.I. requirements. A semen transfer or signed registration paper should be used for all A.I. animals. A fee should be set to take care of the paperwork for A.I. (suggest \$1 extra) to be paid by the person registering the animal. There would be one paper per straw. Could the application for registry form be revised to include this info? Should there be a separate form in triplicate--for the owner, the buyer and the secretary. The form should have room for transfers. There should be no extra charge for in-herd semen. It was moved (Fleharty), seconded (Thomas) and approved that the form be adopted as suggested by the A.I. Committee in triplicate for each straw of semen. A special letter will be sent to the secretary for semen from bulls that need to be grandfathered in. The secretary will consult with the President on these animals.

Embryo collection and transfer rules. At the Board meeting last year it was suggested that ADCA accept the Holstein Cattle Association's embryo collection and transfer rules. It was moved (Thomas), seconded (Fleharty) and approved with two oppositions that the policy be adopted that the embryos should carry the name of the breeder as the first prefix for each egg that comes from that production. It was moved (M. Springer), seconded (Patton) and approved that the three part transfer of the Holstein Cattle Association for embryo transfers be accepted. If an embryo is split, the registration would be handled as twins. The fees used will be those included in these rules.

Give the positive aspects of the breed in articles. It was moved (Fleharty), seconded (S. Stillerman) that a science committee be appointed and that articles be screened by this committee before printing them. Motion retracted. The motion was changed that we appoint a Science Committee with Wes Patton as chair seconded (Thomas) and approved. Perhaps the articles in the "Bulletin" should be listed as "letters to the Editor."

The Duties and Requirements for Directors as it was published in the "Bulletin" was read. It was moved (D. Piehota), seconded (Boudreau) and approved with five oppositions that this document be adopted as read.

Should all bulls used for breeding be blood typed? Would this be expecting too much of small breeders? It was moved (Thomas), seconded (Boudreau) that a blood type be required on all bulls if used as a sire before the offspring can be registered for calves born by July, 1992. The motion failed with three affirmative votes.

Code of Ethics (do we need to state in the "Bulletin" that any contracts made are between the buyer and seller and that the Association is not involved?). At present the Committee on Ethics is the total Board. The editor will put a notice in the "Bulletin" stating our current Code of Ethics.

Color verification. It was moved (Archer) seconded (Piehota) that the Association officially adopt the only colors accepted for registering be Black and Colored. The motion was amended to accept Black and Red/Dun (meaning red or dun). The motion was approved as amended with one opposition.

Should new members be included in the "Bulletin" every issue? It was moved (Julian) seconded (Patton) and approved to accept this idea.

Wes Patton has committed to do the meeting in 1994 in California. In 1993 the meeting will be held in Michigan. It was moved (Fleharty), seconded (Archer) and approved to hold the 1992 meeting in Wisconsin.

It was moved (Piehota), seconded (Crapp) that the new Science and Research Committee investigate the biological high tech approaches to eradicating the bulldog trait by identifying carriers of the trait by chromosome analysis. And, that beginning in 1992 the ADCA begin an account of 10% of the total research cost to pay for this research. The motion was amended to read that ADCA is willing to fund an amount. The Science and Research Committee would determine how this research should be done. The motion failed with five affirmative votes.

It was moved (M. Stillerman), seconded (Patton) and approved to accept the same motion without funding and amend the motion to read "by identifying the trait."

Auto-answer phone proposal by Dave Archer was brought before the general meeting. It was moved (Stillerman), seconded (Mitchell) and approved to have Dave Archer make a presentation at the Board meeting with more details.

It was moved (Julian), seconded (Boudreau) and approved to adjourn.

Adjourn at 12:00

The meeting resumed and was called to order at 2:45 p.m.

Election of two directors of large. Nominations: Winona Crapp Don Piehota, Billie Watkins, Palmer Langdon (not eligible for nomination), and Harry Julian. It was moved (Fleharty), seconded (Jeanne Mitchell) and approved that nominations cease. Don Piehota and Harry Julian were elected as directors at large for Sunday's Board of Directors meeting.

A question was raised as to the way amendments are made to the By-Laws. It was felt that on any item that is to be voted on by the general membership, that the pros and cons should be given to the members along with the ballot.

It was moved (Sandi), seconded (Crapp) and approved that a policy to recognize herd names be accepted and to not let other people use the herd name unless the membership has been inactive for five years. An up-to-date listing of herd names will be given each year in the herd book.

It was moved (M. Springer), seconded (Patton) and approved that all calves sold in utero or unregistered will carry the herd name of the owner of the dam at the time of conception.

It was moved (Fleharty), seconded (Boudreau) and approved to adjourn at 3:45 p.m.

Notice to members--please make sure in the future that you pay on time and get in your reservations for annual meetings. The membership would like to thank Harry and Billie Julian for their work on the meeting.

Submitted by,

Rosemary Fleharty
Secretary

Board of Directors Meeting
American Dexter Cattle Association
June 16, 1991

The annual meeting of the Board of Directors of the American Dexter Cattle Association was called to order by President Phil Martz at 7:15 a.m. at the Ramada Hotel at Tyler, Texas. Those present were: Bonnie Boudreau, George Branson, Jim Donovan, Rosemary Fleharty, Jack Goodman, Harry Julian, Phil Martz, Jim Mitchell, Wes Patton, Don Piehota, Mary Springer, Shep Springer, and Sophia Stillerman.

It was moved (Boudreau), seconded (Goodman) and approved to accept the minutes from last year.

It was moved (Mitchell), seconded (Boudreau) and approved that the treasurer's reports for 1990 and 1991 be accepted as corrected.

It was moved (Donovan), seconded (Patton) and approved to accept the A.I. semen transfer form.

It was moved (Julian) seconded (S. Springer) and approved to accept the Embryo Transfer Rule.

On the cost of liability insurance Phil Martz will check with Jim Johnson. It was moved (Stillerman), seconded (Boudreau) and approved that Phil Martz will check on the cost of liability insurance with Jim Johnson and give options to the Board for approval.

It was moved (Piehota), seconded (Boudreau) and approved that the Science Committee be composed of Wes Patton (Chair), John Bock, and Sandi Thomas.

It was moved (Boudreau), seconded (Branson) and approved that the duties and requirements of directors be accepted. Rosemary will have the document grammatically corrected and sent to directors.

It was agreed that the Code of Ethics should be put in the "Bulletin" periodically. It was moved (Boudreau), seconded (Goodman) and approved that it also be put in the herd book each year.

It was moved (Patton), seconded (Stillerman) and approved that we change color from red/dun to red or dun.

Meeting places for the next three years: 1992 in Wisconsin, 1993 in Michigan and 1994 in California. The Board makes a recommendation that a visit to a Dexter herd be planned or that Dexters be located near the meeting site. It was moved (Boudreau), seconded (Patton) and approved that the next three annual meeting locations be accepted.

It was moved (Patton), seconded (Boudreau) and approved that the Science and Research Committee investigate the biological high tech approaches to eradicating the bulldog trait by identifying this trait by chromosome analysis.

It was moved (Stillerman), seconded (Boudreau) and approved on amendments to By-laws-if an amendment to the By-Laws is sent to members through the mail, the pros and cons should be included and the end result of the amendment as well as any discussion by the Board if available.

It was moved (Boudreau), seconded (Piehota) and approved that the policy to recognize herd name prefixes be accepted and not to let other people use the herd name unless the membership has been inactive for five years.

It was moved (Boudreau), seconded (Patton) and approved with one opposition that all calves sold in utero or unregistered will carry the herd name of the owner of the dam at the time of conception.

Full page ads and photos in the "Bulletin." It was moved (M. Springer), seconded (Boudreau) that the rate be determined at \$5 per ad 8 ads per page plus the cost of the photo (if used). Should we use inches? Amended to \$5 for a two-inch ad. Motion was approved as amended.

It was moved (Stillerman), seconded (Goodman) and approved that the Secretary periodically put information in the "Bulletin" on the number of inquiries and the number of new memberships that have transpired.

Committee reports. The chairmen of committees should contact each member of their committee. It was moved (Piehota), seconded (Goodman) and approved that chairmen of committees should report progress on findings at least every 3 or 4 months to the President of the Association. If he or she fails to do so, he/she should be replaced by someone who will.

It was moved (Piehota), seconded (Mitchell) and approved to change the fees for Associate Members to \$30 and to send out a proposed amendment to the By-laws in this regard for members to vote on. Associate members will have all privileges except voting.

Dave Archer presented an Auto-Answer phone proposal to purchase and maintain a telephone hot line. Callers would be able to obtain a current list of all animals for sale. The sellers would be charged for placing ads on the line. It was moved (Stillerman), seconded (Boudreau) and approved to investigate the cost of such a system with a reputable dealer and make a report back to the Board of Directors.

Region 12 vacancy. It was moved (Patton), seconded (Mitchell) and approved to write all members in the region asking for someone to serve as Director. If necessary the three-year member/owner requirement could be waived. It was moved (M. Springer), seconded (Piehota) and approved that if no response is received, this region would remain vacant for the next 12 months.

Bonnie Boudreau, Chair of the Show Committee, will send the information on showing that the committee has gathered and prepared to the President.

It was moved (Patton), seconded (Donovan) and approved to fund the request from the Missouri Dexter Cattle Association for a \$100 donation for advertising.

It was moved (Piehota), seconded (Patton) and approved that the current brochure be reprinted and Sophia Stillerman and Palmer Langdon will work on a new brochure and have a draft ready by the end of six months.

It was agreed that the registration papers have the cow and bull sketches used that were submitted by Belle Hays. The registration papers will be reprinted to reflect this.

The herd book may cost more next year if it becomes necessary to produce bound copies.

It was moved (Piehota), seconded (Stillerman) that we spend \$1,000 on advertising. Motion failed with only two affirmative votes.

It was moved (Mitchell), seconded (Patton) and approved that we purchase the book "Kerry & Dexter Cattle" for resale to members at \$25 each. It was agreed to list the information from the title page in the "for sale" ad in the "Bulletin."

Should the ADCA consider dropping Canada as a Region--this would require an amendment to the By-Laws.

The amendment to be voted on for Associate Members will be sent in the "Bulletin" to all members.

It was agreed the secretary should put an article in the "Bulletin" on the proper procedure for registering and transferring animals. This information should also be sent to all perspective buyers.

Officers for next year were elected: Phil Martz as President, Harry Julian as Vice President and Rosemary Fleharty as Secretary/Treasurer/Registrar.

Salaries for officers at present: registrar \$3 per registration \$2 for transfer, \$2,000 for secretary and \$500 for treasurer's work. Editor is paid \$125 per issue of the "Bulletin." It was moved (M. Springer), seconded (Piehota) and approved with two oppositions that the salary for the secretary/treasurer/registrar remain the same.

It was moved (Mitchell), seconded (Goodman) and approved that the stipend for the Editor of the "Bulletin" stay the same.

It was moved (Stillerman), seconded (Piehota) and approved that we thank Shep Springer for his service as Vice President and the Board of Directors regrets that they were unable to consider his candidacy because of the new By-Law amendment.

It was moved (Boudreau), seconded (Donovan) and approved that the meeting adjourn.
