FROM THE PRESIDENT

The fall season is just about over, and here in Pennsylvania we have received our first snowfall. However the crops are in from the fields, silos are full, and there is plenty of hay in the barn to feed the animals during the upcoming winter season. This has been one of our better years for crop production, which we really needed after last year's drought.

Our Dexters are doing fine; the only trouble I have is one or too many bulls. In one of my previous letters, I asked for suggestions on how to alleviate this problem, for I am sure every breeder is faced with this situation from time to time.

On October 24, 1992, I received a letter from John Hayes stating that the new, revised version of his book has been printed and is being delivered by UPS to Rosemary. Anyone wishing to obtain this book, Dexter Cattle, by John Hayes, should contact Rosemary.

In other business, I should hope that all members within regions, whose director's positions are open for election, are planning to vote. Remember that this is your organization, and your vote counts.

I would like to thank all of the many members for your letters of encouragement. I even appreciate the views from those who do not agree with the way this organization is conducted. It is these people that I encourage to become more involved and volunteer to help others who are already giving of their time and talents.

Also, to let everyone know, I can now be reached by FAX. The number is (814) 267-5283. When contacting me at this number please include my phone number, (814) 267-5052.

Lastly, I would like to wish everyone a Merry Christmas and a prosperous New Year. May all of your calves be healthy! May each and everyone of the many members of the ADCA work together to promote our cattle. We need to leave our differences behind

us and work together to improve our organization and our animals. I would also like to thank all of the many members, officers, and directors for jobs well done.

Thank you,
Philip R. Martz
President, ADCA

FROM THE SECRETARY

The membership books have been delayed this year due to lack of funds. As soon as I feel the Association can finance the books, I will have them printed.

I am still awaiting a response on the legality of the amendment to the By-Law in which Canadian full membership was excluded. As soon as a response is received, it will be mailed to all members along with the minutes of the Annual Meeting in a separate mailing by the secretary. Your secretary voluntarily is covering the cost of this, so please be patient--I'm having a hard time pushing a lawyer--I've almost made a pest of myself in my quest for an answer.

I have received a wonderful new book from England called The Life and Times of Dexters by Ted Neal. Everyone that has seen the book agrees it is the best Dexter book they have seen. It has wonderful 8 1/2 x 11" full-colored photos in it and lots of information. Red and dun animals are pictured in the book. Since there is not time to get Board approval on this book prior to this Bulletin, I am offering this book for sale directly from me. The cost will be \$27.50 per book. This will cover the exchange rate, postage, etc. I will be ordering 20 books shortly. If you are interested in receiving one of these books, send your check directly to me (the Association is not sponsoring this book).

FAIR NEWS

The Oregon State Fair had it's second Dexter show this year with judging and awards. It was the 4th year in a row that Dexters have been at the fair. The first two years were spent

displaying Dexters to establish the class. This year we had eight exhibitors with over 35 animals. John Wolf's cow gave birth to a heifer calf at the fair increasing the dynamics of the show. The Gradwohls from Washington brought their red heifer calf to the fair making it a two state show. By the way, their calf took first place in her class. All the exhibitors at the fair had a great time visiting and working together. They also learning a great deal about the value of showing and are enthusiastic about the fairs value in promoting Dexters. The Oregon State Fair is open to all animals from any state. If any Breeder has an animal they think is tops, plan on exhibiting next year! To receive the date of the fair, rules, etc..write: The Oregon State Fair, 2330 17th St. N.E., Salem, OR 97310 or phone 503-378-3247. Other fairs that Dexters were in attendance this year were the Lane County Fair (Eugene, OR), Western Oregon Exposition (Cottage Grove, OR), and the Western Washington State Fair (Puyallup, OR).

Article by: Gary L. Prichard

ZOO TO YOU

For approximately one year, I have been visiting nursery schools & convalescent homes with my miniature animals. My black Dexter heifer is among my group; the others being a miniature horse, pot-bellied pig, pygmy goats, a lamb, rabbits and a rooster. My cow's named Yoplait is an amazement and is very well liked by the teachers and children alike. She travels well and behaves herself at her destination. I'm so proud and happy to own her.

Article from Alice Schenher.
