Date:	Type of labor (feeding, training, grooming, etc.)	Hours

Total Hours Spent: _____

Questions:

How did you select which bull to use in breeding with your selected female?

What traits are you looking to improve on in your herd?

Is there anything about your farm/set up that you would want to change and why?

What is the end goal with your herd? Do you want a meat breeding business, breeding business, homesteader, or a combination and why?

What do you do with your profits? Ex: Invest it into your herd or use it for further education

Were there any signs of rebreeding?

Anything you would change in your management in this last year and why? How will you change to be better?
